### Bacon-wrapped roast chicken

Wrapping chicken in bacon ensures that the breast does not dry out as quickly. Streaky bacon is best because of its high fat content.

#### Ingredients:

- 1 (1.2-1.5kg) whole chicken (giblets removed)
- Salt and milled pepper
- 2 Tbsp (30ml) melted butter
- 1 Tbsp (15ml) chopped thyme
- 1 packet (200g) streaky bacon

#### Method:

1. Preheat oven to 180°C.
2. Season chicken with salt and milled pepper.
3. Coat with butter and thyme.
4. Wrap bacon slices around the breast area in a lattice pattern, making sure to cover completely. Secure the bacon in place using toothpicks.

5. Place the chicken breast-side up on a greased baking tray.
6. Roast for 30 minutes, then cover with foil and roast for a further 30 minutes, basting regularly with the pan juices every 10-15 minutes.
7. Remove toothpicks from the bacon before serving.
